COMF^oRTABLY

QUIET AND EFFICIENT

Designed with energy efficiency and quiet operation, the **Rheem High-Efficiency RH1V Air Handler** gives you a higher level of comfort while keeping your utility bills low. **Now that feels comfy.**

RH1V Series

Air Conditioned Just Right

Customize the condition of your home's air. The Rheem High-Efficiency Air Handler features an on-demand dehumidification terminal that adjusts airflow in the home to help control humidity. Airflow can be set for specific needs, so your home feels just the way you want it.

Quiet and Efficient

The sturdy design of the Rheem High-Efficiency Air Handler provides excellent thermal and sound insulation, which means you get quiet and efficient comfort.

Guaranteed Reliability

Built with pride, our quality construction delivers quiet operation and long-lasting, reliable performance, all backed by a conditional 10-year parts warranty.

INTEGRATED HOME COMFORT

Rheem.com

We Thought of Everything... And Then Some.

The Rheem Air Handlers were developed using our 360°+1 design philosophy, which means every detail of the product is meticulously evaluated from every angle. We consider the work that goes into installing and servicing our products, as well as how we can deliver the very best homeowner experience. And then we take it a step further. That's 360°+1. And that's why you can count on your Rheem Air Handler to bring you and your family years of comfort.

Enjoy the Benefits of Advanced Comfort

The Rheem High-Efficiency Air Handler is engineered to improve energy savings and comfort all year long. The unit's versatile design makes it a great fit for any system and keeps your home conditioned just the way you like it.

Energy Savings The Rheem RH1V Series Air Handler is designed for high performance, exceeding the standard efficiency requirements and, in many cases, enhancing the efficiency rating of your outdoor air conditioning unit.

Humidity Control Rheem Air Handlers feature an on-demand dehumidification terminal that adjusts airflow to help manage humidity and comfort in your home.

Efficient Heating & Cooling Rheem Air Handlers also feature a flexible design that allows them to meet the needs of a variety of systems. Your Contractor will recommend a unit that will best meet your home's airflow needs. The **1 factory-installed indoor aluminum cooling coil** is the key component for your air handler. The coil is essential to humidity control and improved system performance, and the high-quality standards used in manufacturing result in fewer maintenance calls.

The Rewards of Rheem Proven Quality

Quiet Operation The Rheem RH1V Series Air Handler is designed with a **2 sturdy steel cabinet** with **3 one inch of foil-faced insulation**, offering excellent thermal and sound insulation.

Versatile Design The 4-way convertible design of Rheem Air Handlers allows the unit to fit in with the design of your home. Plus, dip switches offer selectable, customized cooling to meet airflow requirements for a wide range of system sizes.

Easy Service Rheem Air Handlers have been engineered to provide your technician easy access to all internal components, helping any service time stay short and simple.

Rheem Quality The RH1V Air Handler features a new lanced fin design for maximum performance and increased efficiency. A new high-grade condensate drain pan keeps the unit operating smoothly, especially when the weather heats up. And the corrosion-resistant aluminum endplates keep your unit looking as good as it runs.
