

The new degree of comfort.™

Air | Air Handlers  
RF1T

# COMFORTABLY

## QUIET AND EFFICIENT

Designed with energy efficiency and quiet operation, the Rheem RF1T Air Handler gives you a higher level of comfort while keeping your utility bills low. **Now that feels comfy.**

### Reduce Energy Bills

Reducing monthly energy bills is easier than ever with the Rheem RF1T Air Handler. The unit is designed to exceed minimum efficiency standards – delivering savings every time it is in use.

### Quiet and Efficient

The sturdy design of the Rheem RF1T Air Handler provides excellent thermal and sound insulation, which means you get quiet and efficient comfort.

### Guaranteed Reliability

Built with pride, our quality construction delivers quiet operation and long-lasting, reliable performance, all backed by a conditional 10-year parts warranty.

INTEGRATED HOME COMFORT

Rheem.com

# We Thought of Everything... And Then Some.

Rheem RF1T Air Handlers were developed using our 360°+1 design philosophy, which means every detail of the product is meticulously evaluated from every angle. We consider the work that goes into installing and servicing our products, as well as how we can deliver the very best homeowner experience. And then we take it a step further. That's 360°+1. And that's why you can count on your Rheem Air Handler to bring you and your family years of comfort.

## Enjoy the Benefits of Advanced Comfort

The Rheem RF1T Air Handler is engineered to improve energy savings and comfort all year long. The unit's versatile design makes it a great fit for any system and keeps your home conditioned just the way you like it.

**Energy Savings** The Rheem RF1T Air Handler is designed for high performance, exceeding the standard efficiency requirements and, in many cases, enhancing the efficiency rating of your outdoor air conditioning unit.

**Humidity Control** A new Rheem Air Handler will help manage humidity levels in the home, improving your comfort and helping you save money on energy bills.

**Efficient Heating & Cooling** Rheem Air Handlers also feature a flexible design that allows them to meet the needs of a variety of systems. Your Contractor will recommend a unit that will best meet your home's airflow needs. The **1 factory-installed indoor aluminum cooling coil** is the key component for your air handler. The coil is essential to humidity control and improved system performance, and the high-quality standards used in manufacturing ensure a long-lasting, reliable performance.

## The Rewards of Rheem Proven Quality

**Quiet Operation** The Rheem RF1T Air Handler is designed with a **2 sturdy steel cabinet** with **3 one inch of foil-faced insulation**, offering excellent thermal and sound insulation.

**Versatile Design** Rheem Air Handlers feature the most compact design available, occupying a minimal amount of space in your closet, attic or basement.

**Optional Electric Heat** When a heat pump is paired with the unit, Rheem Air Handlers can also provide efficient heating for your home. An optional electric heater kit can be added to keep you cozy all winter long.

**Simple Service** Rheem Air Handlers have been engineered to provide your technician easy access to all internal components, helping any service time stay short and simple.

**Rheem Quality** The RF1T Air Handler features a new lanced fin design for maximum performance and increased efficiency. A new high-grade condensate drain pan keeps the unit operating smoothly, especially when the weather heats up. And the corrosion-resistant aluminum endplates keep your unit looking as good as it runs.
