Why Rheem?

Enjoy cool summer days and warm winter nights with a reliable Rheem RHBL Air Handler. Rheem offers products that fit every budget, so your family can enjoy reliable home comfort for years to come. We focus on bringing homeowners 'The New Degree of Comfort' through the development of energy-efficient heating and cooling solutions designed to save money and go easier on the environment. With a Rheem RHBL Air Handler, you'll enjoy a perfect balance of quality, efficiency and value.

Enjoy the Benefits of Guaranteed Comfort

The Rheem RHBL Air Handler is engineered to improve energy savings and comfort all year long. The unit's versatile design makes it a great fit for any system and keeps your home conditioned just the way you like it.

Energy Savings The Rheem RHBL Series Air Handler is designed for high performance, exceeding the standard efficiency requirements and, in many cases, enhancing the efficiency rating of your outdoor air conditioning unit.

Humidity Control A new Rheem Air Handler will help manage humidity levels in the home, improving your comfort and helping you save money on energy bills.

Efficient Heating & Cooling Rheem Air Handlers also feature a flexible design that allows them to meet the needs of a variety of systems. Your contractor will recommend a unit that will best meet your home's airflow needs.

The Rewards of Rheem Proven Quality

Affordable and Reliable The Rheem RHBL Air Handler is certified and independently verified, delivering guaranteed comfort for your home that's easy to afford.

Durable Design Rheem Air Handlers are designed to be durable and long-lasting. A unique drip pan feature protects your home from potentially damaging condensation run-off, delivering peace of mind in addition to long-lasting comfort.

Optional Electric Heat The Rheem RHBL Air Handler features connections for heater kits to provide efficient heating for your home – keeping you cozy all winter long.

Easy Service Rheem Air Handlers have been engineered to provide your technician easy access to all internal components, helping any service time stay short and simple.
